ISSUES RAISED

Objection

1. Plan for Millom should return to 1st Deposit Version – sites are more appropriate for future of the town. (2420, 2421)
2. Housing development proposed at Salthouse Rd would be excellent idea – would mean less use of the railway bridge

RESPONSE

Objection

1. The changes to the allocations in Millom are addressed in the Reports listed below:

HA17 - Salthouse Road	2HS7
HA30 / E14 - Devonshire Road	2HS10
HA31- Adj Lowther Road Estate	2HS11
EOS1/E11 - Millom	2R6

Site E12 Mainsgate Road: The amendment to this site has not received any other objections and therefore there is no relevant report on this issue. Employment land identified in 1st Deposit Version represented a significant overprovision based on JSP requirements. All proposed allocations have therefore been reassessed and several reduced or deleted. The Mainsgate Road site has therefore been reduced in size. Should the proposed allocation become fully developed before the next review of employment allocations (anticipated to be 2008/9) then there would be opportunity to extend the site through implementation of Policy EMP4: Extension of existing employment use.

PROPOSED CHANGES

No change
