

PolicyTSP1: Safeguarding the A595 Parton-Lillyhall Improvement

	OBJECTIVES	Score	COMMENTS
Secure a stable and balanced population whilst improving public health, safety and quality of life	Stabilise and maintain population levels within communities in the plan area	< >	
	Ensure that local facilities and services are available to everyone	< >	
	Ensure that housing needs of the community are met locally and that decent, good quality affordable homes are available to all.	< >	
	Increase community participation in decisions regarding the future of development in the planning area	< >	
Effective protection of the environment	Protect and enhance landscapes and townscapes	-	New road may have adverse impact on landscape
	Protect and enhance biodiversity	--	New road may have adverse impact on biodiversity
	Protect and enhance features of historical and archaeological importance	< >	
	Ensure that development is not at risk from flooding and does not cause flooding elsewhere.	< >	
Make effective use of existing buildings and infrastructure, previously developed land and natural resources	Reuse existing buildings and previously developed land before greenfield sites	< >	
	Protect and improve ground, surface and marine water quality	< >	
	Ensure that air quality is not adversely affected by development	< >	
	Promote recycling, waste minimisation and renewable energy	< >	
	Reduce number of journeys made by private car	--	Improved roads may encourage car trips

Promote and facilitate economic regeneration to achieve stable, diverse and self sustaining employment	Encourage economic growth and development	+	Improved communication links will improve economic opportunities
	Encourage diversification of urban and rural economies	+	Improved communication links will improve economic opportunities
	Improve opportunities and access to jobs	+	Improved communication links will improve economic opportunities
	Promote leisure and tourism and increase visitor numbers	+	Improved communication links could potentially increase visitor trips

Comments / Amendments:

No change – policy protects route as proposed by Department of Transport

PolicyTSP2: New Road Building and Improvements

	OBJECTIVES	Score	COMMENTS
Secure a stable and balanced population whilst improving public health, safety and quality of life	Stabilise and maintain population levels within communities in the plan area	< >	
	Ensure that local facilities and services are available to everyone	< >	
	Ensure that housing needs of the community are met locally and that decent, good quality affordable homes are available to all.	+	Improvements to roads can assist in improving safety
	Increase community participation in decisions regarding the future of development in the planning area	< >	
Effective protection of the environment	Protect and enhance landscapes and townscapes	-	New roads may have adverse impact on landscape
	Protect and enhance biodiversity	--	New roads may have adverse impact on biodiversity
	Protect and enhance features of historical and archaeological importance	--	New roads may have adverse impact on features of historical and archaeological importance
	Ensure that development is not at risk from flooding and does not cause flooding elsewhere.	< >	
Make effective use of existing buildings and infrastructure, previously developed land and natural resources	Reuse existing buildings and previously developed land before greenfield sites	< >	
	Protect and improve ground, surface and marine water quality	< >	
	Ensure that air quality is not adversely affected by development	-	New and improved roads may increase traffic
	Promote recycling, waste minimisation and renewable energy	< >	
	Reduce number of journeys made by private car	--	New and improved roads may encourage car trips

Promote and facilitate economic regeneration to achieve stable, diverse and self sustaining employment	Encourage economic growth and development	++	Improved communication links will improve economic opportunities
	Encourage diversification of urban and rural economies	++	Improved communication links will improve economic opportunities
	Improve opportunities and access to jobs	++	Improved communication links will improve economic opportunities
	Promote leisure and tourism and increase visitor numbers	++	Improved communication links could potentially increase visitor trips

Comments / Amendments:

No change

Policy states that all practical measures are taken to mitigate the harmful effects of such works. Felt that policy essential to achieving economic sustainability.

PolicyTSP3: Traffic Management
